

JMFS Final Wedding Checklist

Congratulations - you're on the home stretch!

You should be reading this around 3 months out.

If we're your chosen florist/stylist (excellent decision, btw!), now is the time we're starting to confirm orders with our wholesalers and growers, put together delivery schedules, and finalise other little details for your wedding. Exciting! More info about this timeline can be found in our Welcome Pack, which you will have received upon booking with us, as well as in our online Wedding Journal. We've also sent several emails to you over the course of the planning process with helpful tips on everything from how best to prepare for a consult and hold your bouquet to effectively and realistically managing pre-big day jitters. These are great resources to refer to from time to time, or whenever you're wanting some extra advice.

Below we've popped a quick guide to a few last-minute logistics, aka What Happens Next, as we countdown the weeks until you say 'I do'.

Quote cut-off dates

- These are listed on your proposal, under the 'Quote Variations' section.
- All reductions to your quote total must be advised no less than 3 months out from your wedding date. We begin staff scheduling around this time so it's important that we know the scope of your wedding. We never want to leave ourselves - or anyone else - short!
- All changes to your quote (that do not affect the agreed total) must be finalised no less than 6 weeks out from your wedding date.

Confirming your quote details are correct

Please have a thorough read through your quote and make sure everything that you want for your wedding florals/styling is included and up to date. Anything listed under 'Possibilities' (in the section under the total cost) is not included in your quote.

- Have we got your ceremony and reception start times?
- Have you provided us with the name and number of a nominated go-to contact for the day?
- Do we have accommodation details for the delivery of your bouquets, buttonholes, and other personal flowers? This includes villa numbers and security gate numbers.
- If you have multiple delivery points for your personal flowers, have you let us know which flowers will be going where?
- Are you planning a 'first look' or anything else that means you will need these flowers earlier than expected? Typically, we deliver at least 2 hours prior to your ceremony.
- If you are picking up your flowers, have you confirmed a time with us? If someone else is collecting on your behalf, have we got their name and contact details?
- Are you happy with the colours and inspo pics on your quote? Have there been any last-minute styling changes that we should know about? This includes anything that might affect your flowers i.e., different bridesmaid dresses.
- Have you double-checked the number of buttonholes and/or corsages you will need and who they will be for? This can include the bridal party, brothers, sisters, parents, grandparents, pageboys, and MCs.
- If you are having corsages, have you confirmed whether they are to be lapel, bag, or wrist style?
- If you are having hair flowers, will your stylist be putting them in? If so, what time will they need to be delivered?

- Do we have head circumferences for any flower crowns included in your quote?
- Have you confirmed what style and colour of ribbon you would like to go around the handle of your bouquets?
- If you are organising signage through us, do we have the all the information we need? This includes style, colours, and wording.
- Do we have the correct info about your reception table sizes and numbers?
- If you are having cake flowers, have you provided us with the contact details of your cakemaker? We will let them know what time we intend on delivering and setting up. Have we got the contact details of any other relevant stylists/vendors so we can coordinate delivery times for your wedding if needed?
